Bi-Centennial
Annual Report

A Bi-Centennial Message

During 1963, Moultonboro will have been a town for 200 years.

Of this fact, I am sure, we all are proud. Proud and grateful that 200 years ago a group of men and women ventured into the unknown wilderness to erect new homes and start a new life.

In their minds and hearts burned the vision of a better and more secure tomorrow and in their lives a faith in God, a confidence in themselves and a hope that from their lives and efforts each succeeding generation might forge ahead and carry their hopes and ideals to even greater heights.

Down through the long parade of years each individual within our borders has added something of himself, something of his hopes and dreams and from the total sum of all these lives has emerged our Town today.

May we who now live and love our heritage ever keep before our eyes the same Faith, the same Confidence, the same Hope for the betterment of our Town.

To our Summer Friends who come each year to enjoy with us the beauties of our land, we as a Town owe them a debt of gratitude for their friendships, for their help, and for their interest in our progress, and may we and they work together in continued harmony for a more progressive future, with undimmed memories of the past, with humble confidence in ourselves and with a Hope and Faith that in the years ahead, no act of ours shall mar the growth and progress of this Town we love.

Report of Librarian

The town of Moultonboro was granted in 1763, in 1777 it was incorporated and in 1800 (thirteen years later) Sandwich and Moultonboro joined together to form a joint library which lasted until 1810. Nothing more is heard of the library until 1897. Since then, Moultonboro has had an established library, supported largely by taxpayers' money.

During the past year, three books have been added to the Memorial Shelf. They are the Maple Sugar Book in memory of Jacob Nelson, by his family - Music in New Hampshire in memory of Mrs. Maybelle Vittum by pupils of Moultonboro Central School and The Ivy Tree in memory of Mrs. Mildred Champaigne from Friends. At any time, anyone is invited to make a memorial for a recent or long deceased friend, relative or member of an organization. What better way to keep a person in mind than to open a book and to recall them to memory. In this way they are not forgotten.

Moultonboro Library is statistically high in the state averages. For the year's report which was just received, Moultonboro has moved from fifth to fourth place in per capita circulation (20.2) and the amount being spent per person being \$4.56. The State average is 6 books per person and the average state expenditure is \$1.91. Figures are available for state averages on book circulation and book expenditures. The state average increase in book circulation from 1956 - 1961 is 61.3 per cent - Moultonboro's average increase for that period is 256.1 per cent without the school library branch; with the branch, the increase is 561.1 per cent. The book expenditures have increased 222 per cent.

In April, the school library branch will have been in operation for four years, with the same volunteers in attendance. Namely, Mrs. Isabelle Behr, Mrs. Hazel Dale and Mrs. Margaret Lamprey. Seemingly, the school library is working as well now, or better, than when first established in 1959. Parents and friends are urged to visit any Wednesday morning before eleven o'clock.

The trustees and the librarian are trying to place standard fiction and reference books on the shelves, thus older works are frequently ordered. Donations of good books are greatly appreciated and we are grateful for the books which have been presented in the past.

During the Summer months, Moultonboro library becomes a beehive of activity, at times the library being filled to near capacity. This is due to the Summer visitors who use

the library. They are very welcome and are urged to make the fullest use of their summer home-town's library. As neighbors, we gladly loan books to folks from nearby towns who may find it easier to come to Moultonboro, and I am sure these towns loan books to our residents living near them.

Forest Fire Warden's Report

PREVENTING FOREST FIRES IS OUR RESPONSIBILITY

Costs of suppressing carelessly set outdoor fires in New Hampshire in 1962 cost the persons responsible \$5,545. In the same period, the cost to the cities and towns for control of such fires for which no responsibility could be placed cost another \$24,634. What utter waste of tax money and what shameful and needless loss of timber and esthetic values in the 2200 acres burned. Residences, farm, and other business places were threatened with possible total destruction.

Carelessly set man caused fires can be prevented if every citizen remembers his responsibility in regard to any source of fires in the open. We can help to keep our fire loss low by remembering these simple rules.

1. Dispose of burnable waste at the town dump.
2. If waste or brush is to be burned on the premises, obtain a permit from the forest fire warden. Seasonal permits may be issued for approved incinerators and sites.
3. Burn safely by picking a clean site, avoiding dry windy weather and preferably burning late in the day.
4. Have something to keep the fire under control—pails of water, garden hose, sprinkling can, broom for grass fires or shovel will help.
5. Be sure your fire is dead out before you leave it.
6. If the fire gets out of control or if you see a fire out of control, report promptly to your warden or fire department. Continue to fight it until help arrives.

There is potential danger when matches fall into the hands of children. It is never too early for parents to install in the child's mind a respect for fire.

Keep our town safe from fire.

1962 Fire Record

In 1962 we had 6 fires.

We burned 3/4 acres.

Permits issued. 670

Auditor's Report

This is to certify that we have examined the books, vouchers, bank statements and other financial records of the school district of Moultonboro of which the above is a true summary for the fiscal year ending June 30, 1962, and find them correct in all respects.

August 14, 1962

GILBERT N. WIGGINS
BEATRIX H. SOLOMON

Auditors

Report of Superintendent of Schools

To the School Board and Citizens of Moultonboro:

I respectfully submit my eighth annual report as your Superintendent of Schools.

Staff

Three were no changes in the teaching staff and as a result many of the plans made during the previous year were able to be put in operation.

This community can feel secure in knowing that the school is served by such a dedicated, devoted and capable group. The outstanding work of the teachers is partially reflected in the accomplishments and honors earned by their students.

Mrs. Clara Perkins received the Bachelor of Education Degree at the Plymouth Teachers College Commencement last June. Mrs. Perkins completed the requirements through extension courses and attendance at summer schools.

School Plant

The construction of a classroom from the patio area was completed in time for opening in September and certainly has proved to be very useful in permitting a departmental set up to be put in operation on a fuller scale and also to permit more individualized instruction.

P. T. A.

The P. T. A. continues to be a very active part of the parent-teacher cooperation in projects that are pupil centered such as the Dental Health Clinic and the Vitamin Pill Program.

Secondary School Study

The annual school district in March of 1962 authorized the appointment of a committee to consider the feasibility of joining or forming a Cooperative School District in order to provide a secondary education for the pupils of Moultonboro.

Mr. David Hammond was elected from the floor, Mrs. Isabelle Behr was appointed by the Moderator, and Mr. Frank McIntire represented the Board of Selectmen on a committee to serve with the School Board in making the study.

The Study Group held meetings with the Sandwich School District Study Group, the Inter-Lakes School Board, and with the Governor Wentworth Cooperative Study Group.

Discussion meetings were held with members from the

Governor Wentworth Study Group explaining the proposed Cooperative High School, the Inter-Lakes School Board explaining the Inter-Lakes High Program, and a third meeting with the Moultonboro Study Group stating their opinion.

On January 19, a Special Meeting was held and the vote was 191 Yes and 147 No in favor of petitioning the State Board of Education to become a member of a Cooperative District which may include in addition to Moultonboro, the school district of Alton, Brookfield, Effingham, New Durham, Ossipee, Tuftonboro, Wakefield and Wolfeboro.

The Moultonboro and Wolfeboro meetings failed to determine the method of voting, and so the State Board, at a meeting held on February 4, suggested that another meeting be held.

The Moultonboro School Board then posted a warrant calling for a Special Meeting on March 2 to re-vote on the question.

Interim Commission on Education

The Interim Commission on Education that was set up in accordance with a joint resolution of the 1961 General Court to study the organization of School Districts, and the higher education facilities in the State presented their report to the members of the General Court in December of 1962.

The Commission recommended reorganization of the public schools, school districts, and colleges and university facilities.

The report favors larger grouping, both on the Supervisory set up and in the area school movement, and recommends that the State Board of Education have a master plan decreasing the number of Supervisory Unions from 48 to 34, and in so doing to designate area or cooperative school districts.

Conclusion

Dr. James B. Conant, former President of Harvard University and Author of "The American High School Today", makes this comment, "It is impossible to evaluate an educational system a part from the society which it both reflects and serves".

Much of the argument over education today is coming from people who are not really interested in facing problems as they exist.

This is where our responsibility lies — to know our problems and to solve them to the best of our abilities.

I wish to extend to the Moultonboro School Board, and Cooperative Secondary School Study Committee my sincere appreciation for their fine cooperation, their encouragement, and sincere devotion to their task of formulating and carrying through their policy making responsibilities with foresight and conviction in what is good for the children of Moultonboro.

I also wish to commend the members of the teaching staff for their devotion to education, assistance and cooperation.

MARTIN E. HEFFERNAN

SUPERVISORY UNION #2

B U D G E T

The Supervisory Union Budget for the 1963-64 school year is prorated among the five districts on the basis of the 1961-62 average daily membership and the 1960 equalized valuation as follows:

District	Percentage	Supt's Salary	Travel Sec. & Office exp.
Ashland	17.88%	\$1,430.40	\$1,373.87
Inter-Lakes Meredith Center Harbor	44.27%	3,541.60	3,401.63
Holderness	10.78%	862.40	828.31
Moultonboro	18.46%	1,476.80	1,418.44
Sandwich	8.61%	688.80	661.58
	<hr/> 100.00%	<hr/> \$8,000.00	<hr/> \$7,683.83

The Superintendent's salary for 1962-63 is \$10,000.00. The Supervisory Union's share is \$7,500.00 and the balance of \$2,500.00 is paid by the State, from the fund established by the per capita tax of \$2.00 for each resident pupil.

Principal's Report

1962-1963

This school year has been one where the everyday business of educating children has gone exceptionally smoothly. This can be accounted for by the experienced staff going about their job in an efficient, business-like manner. This is the environment which leads to the most gain possible by the students. The type and caliber of work was ably demonstrated by the, "School Work Fair", held during National Education Week. It is hoped that this type of program can be held each year and thus keep you informed about the amount and degree of work being done at school.

Physically our plant has an additional room and a full time teacher to staff it. This had implemented our program measureably. We have 127 students; 14 in Mrs. Whitehouse's 1st grade; 14 in Mrs. Perkins's 2nd Grade; 19 in Mrs. Kaffel's 3rd Grade; 15 in Mrs. Tilton's 4th Grade and 17 in her 5th Grade; 20 in Mrs. Lindsey's 6th Grade and 28 in Miss Goss's room including 15, 7th Graders and 13, 8th Graders.

Having our school cared for by the capable hands of Mr. Foss keeps it looking good and certainly lengthens the time it will last without major repairs. This method of building care and the administration's policy of a certain amount of painting and care each year will keep large budgetary expenses from creeping upon us and is definitely the least expensive method in the long run.

Our school lunch program is meeting the needs of our pupils as is evidenced by the average number of lunches served, as reported in the school lunch report. We are fortunate to have Mrs. Oliver's fine services in this program. With her planning and the foods which the government sends from time to time we are able to serve good meals at a low cost per pupil.

In closing let me observe that what you want for your children educationally is up to you, the voters, to know about and provide for. The best way to know what is going on is to visit school, have conferences with the teachers, attend your PTA often and read widely about modern education.

Yours in service,

ROGER E. PERSON,
Principal

Report of School Nurse-Teacher

To the Superintendent of Schools, the School Board and the Citizens of the Town of Moultonboro:

It has been my pleasure to be School Nurse for the Moultonboro Central School since September, 1962 in as much as the former Nurse, Mrs. Amy Brown, was granted a year's leave of absence.

My schedule has been to visit the school every Tuesday morning and Thursday afternoon.

One hundred twenty three students received physical examinations by Dr. Aleksander Ratsep. Recommendations were made to improve any defect found and parents were notified.

Vision tests were completed on all students. Hearing tests have been completed on grades 1, 4 and 7. Children who were found to have defective hearing were referred to their family with the recommendation that further treatment be sought.

The dental clinic, which is sponsored by the P. T. A., held in the office of Dr. Warren Broderick in Wolfeboro, has been received with enthusiasm. Mrs. Henry Stark of Meredith, Dental Hygienist, examined the students' teeth. Mrs. Stark donated her time and efforts on a gratuitous basis. Two clinics were held in the fall of 1962 and three more have been arranged for April, 1963. It is hoped that all 43 students who have signed up for these clinics will have an opportunity to be seen by Dr. Broderick. Without the backing and cooperation of the P. T. A. these clinics would not have been possible.

Free vitamin pills were given to all students whose parents requested them. This program is being sponsored by the Moultonboro Grange and the P. T. A.

A few communicable diseases have been reported to the School Nurse, such as mumps and impetigo.

Up to the present time I have made the necessary home visits, administered first-aid, and attended to social and welfare work, whenever needed.

On May 7, 1963 a Pre-School Registration Day is planned. Twenty four children are anticipated to register at this time. This day will give the child and parent an opportunity to familiarize themselves with the school program. I will be available to check heights, weights and vision. Mrs. Madeline S. Given, Senior Public Health Dental Hygienist, from the State Department will be present to discuss the "Readiness for School Dental Program."

It has been my pleasure to work along with the Superintendent, the Principal, the Faculty, with their kind assistance and cooperation during the course of my duties.

Respectfully submitted,

FRANCES H. MARKS, R. N.
